SUMMARY

Driven MERN Stack Developer with a passion for building innovative web applications. Currently pursuing a Master of Computer Applications (MCA) to further enhance my technical skills after completing a Bachelor of Computer Applications (BCA). With a strong foundation in MongoDB, Express.JS, React.JS, and Node.JS, I am dedicated to creating efficient, scalable, and user-friendly applications. My continuous pursuit of knowledge and hands-on experience in developing full-stack web applications drive me to stay updated with the latest technologies and best practices in the field. Enthusiastic about contributing to dynamic teams and taking on challenging projects that push the boundaries of modern Web Development.

PROFESSIONAL EXPERIENCE

MERN Stack Developer

Global Employees Pvt LTD

📅 10/2023 - 03/2024 📍 Noida, India

Work Descriptions

- I have leveraged Node.js to build powerful server-side applications and APIs, enabling efficient data flow and real-time interactions.
AWS S3, a cloud storage service, has been a valuable asset in my work, enabling secure and scalable storage solutions. I further enhanced my skills with MulterS3, simplifying the process of handling file uploads in web applications.
